

## Help us put musical instruments into the hands of children who need them!

The Spirit of Harmony Foundation is working with our partner organization Hungry For Music on a nationwide collection of used and new instruments. Hungry For Music is a national non-profit organization that collects, evaluates, reconditions, and donates the instruments to children and music education programs in need.

Here is your opportunity to get directly involved with the Foundation's efforts to supply musical instruments for children who would not otherwise have an opportunity to learn to play music.

Hungry For Music has embarked on a four-month, 48-state, 100-city tour to network with music education programs and collect used musical instruments. The Spirit of Harmony is supporting this effort by helping mobilize our supporters across the country to help fill the "Big Bertha" Hungry For Music RV at stops along the way.

As Todd Rundgren describes the Spirit of Harmony Foundation, we are the "mortar to fill in the cracks" and providing musical instruments to programs in need is a key to the success of many of the music programs we support. To date, our partnership with Hungry for Music has made it possible for SOHF to donate over 100 instruments, and this is a great opportunity for us to help fill Hungry For Music's warehouse, as demand far outpaces current supply.

Participating in Hungry for Music's nationwide instrument drive is directly supporting our mission of Music Education Advocacy.

Do you have used musical instruments to donate or would you be willing to organize a collection in your area? Please look at Hungry For Music's itinerary at <https://hungryformusic.org/magic-music-bus-tour/>. If the RV is coming to your area, please contact us at [info@spiritofharmony.org](mailto:info@spiritofharmony.org) and we will help you connect with Hungry For Music to arrange for a pick up.

You can also help by keeping "Big Bertha's" tanks full and oiled, with a direct cash donation, which can be made on the website above.
